

## **ABOUT US**

Notify Information Centre (NIC) Nigeria Limited is an indigenous company incorporated on 8<sup>th</sup> March, 2011 by the Corporate Affairs Commission under the Federal Republic of Nigeria.

NIC is made up of seasoned professional practitioners in the field of Information Technology (IT) and related fields, whose aim is to maintain integrity and client satisfaction.

NIC is also a Google Cloud Partner for the region – Southern Europe and Emerging Markets (SEEMEA). At the moment, we currently have sell and service engagements for Google Workspace (formerly G Suite) and Google for Education.

## **OBJECTIVE**

- To be a well-respected member of a highly productive team building and teaching IT management solutions.
- To influence the direction of emerging information technologies.
- To continue to design, produce, teach and manage quality applications that make a substantial impact on business processes.

## **MISSION STATEMENT**

We truly believe in tech and this belief constantly re-assures us that we can do a lot of good to organizations by building, supporting and delivering valuable tech solutions that bring positive and progressive services to organizations across the world.
